

## The Right Kind of Heat and Plenty of It

A. K. Campbell  
The Man Behind the Furnace

CAMPBELL'S Winter-Chaser gives not only all the heat in quantity that you could ever want, but the heat from a Winter-Chaser is more than right in degree—it is certain to be moist and clean in kind.

Moist—so you have the least possible trouble with catarrh and colds. The old-fashioned kind of dry heat is very unhealthy. Haven't you noticed how with some kinds of heating plants the furniture cracks and the floors shrink? This is the same method that dries out your throat and gives you catarrhal troubles. Avoid all this with a Campbell Winter-Chaser.

The air is never thirsty—never dry—always a gentle June moisture, because it is given plenty of water from the extra large reservoir. Don't miss this important factor for health and comfort—not to mention the saving in furniture and woodwork.

## CAMPBELL'S GUARANTEED WINTER-CHASER

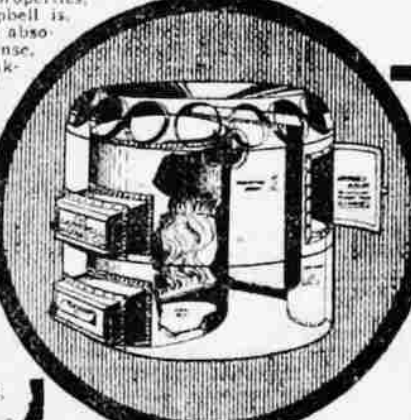

gives clean air, too, as well as moist and warm. And it was the first furnace to use the Rotary Air Movement which means perfect ventilation and warm floors. This method was invented and patented by Campbell—the maker of the Winter-Chaser. It is also the only jacket furnace with an entrance door and a large air-chamber. This gives plenty of room for a person to get inside and clean the jacket. This prevents an accumulation of cobwebs and dirt which in other furnaces, makes the air dusty and germ-laden. With the Winter-Chaser you need have no dirty furniture and soiled and sooty draperies, etc. You can keep the air clean. And the large air-chamber is a big point of fire insurance—the air cannot get over-heated and start a fire. These facts can all be proven on investigation—and you see the proof to yourself and family.

### With a Winter-Chaser You Get Rid of the Repair Bugaboo—

Next to the wonderful heating properties, the extreme durability of the Campbell is perhaps our strongest asset. You also, lately are saved the bother, expense, delay and actual danger of breakdowns to the furnace in mid-winter. It means more than money—it means health—maybe, life itself to you—to have that furnace continue right along its good work of service the winter through—year after year.

That's what the Winter-Chaser does—and we have plenty of letters to prove it. Write for the letters in our big free book—'Twice a Day.' It will open your eyes to the possibilities in the Winter-Chaser for comfort, health and economy. Write today—

## GERMAN'S CLOSE BIG CELEBRATION

### Twenty Bands Play and Twenty Thousand Sing "Die Wacht Am Rhein."

St. Louis, Mo., Oct. 10.—Twenty bands playing "Die Wacht am Rhein," twenty thousand German-American marchers, singing it, and well nigh two hundred thousand spectators, cheering it, formed the climax last night to the week-long celebration of the one-hundredth anniversary of the war of liberation, at the conclusion of which the Germans threw off the yoke of Napoleon.

The torchlight parade was about ten miles long and was more than an hour in passing. Automobiles, military organizations, turn Vereine, singing societies, fraternal lodges and the state's National Guards, each had a division in the demonstration.

Each marcher carried a red, white and blue, or red, white and black flag or lighted paper lantern. The black eagle of Germany screamed in unison with the bald eagle of America.

Several elaborate floats pictured historical scenes of the war of libera-

## DETECTIVES DIG IN VAIN FOR THE \$500

San Diego, Cal., Oct. 10.—Detectives dug in the sand near the Mexican town of Tia Juana just across the border, until darkness ended their labors last night, in a vain search for the \$500 which Burr Harris, the negro, who confessed the murder of Mrs. Rebecca P. Gay, a Christian Science practitioner of Los Angeles, declared he had been paid for the assassination of Mrs. Gay. No trace of the money was found, nor was a clew obtained as to the identity of the person, who, according to Harris, procured the killing of Mrs. Gay through the negotiations of a negro go-between.

Two newspapermen, accompanying the searching party, were arrested by Mexican officials, but were released as soon as the nature of their mission was explained.

Los Angeles, Cal., Oct. 10.—Mrs. Gay, although accounted a wealthy woman, because of her charities, left an estate valued at only \$2300. Among the heirs are a brother, Leonard Conner, an attorney of Memphis, Tenn.; a sister, Mrs. Jane Randolph of Bayou Goula, La.; and a niece, Theodosia Shaw of Ocean Springs, Miss.

## IN ONE MINUTE! CLOGGED NOSTRILS OPEN—COLDS AND CATARRH VANISH

Stops Nasty Discharge, Clears Stuffed Head, Heals Inflamed Air Passages and You Breathe Freely.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant

balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catch a cold, with its running nose, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

## MORRIS LOSES ON FOUL BLOW

### Oklahoman Favorite and Cheered By Crowd—Smith Hissed on Leaving Ring.

New York, Oct. 10.—Gumboat Smith of Oklahoma defeated Carl Morris of Oklahoma in the fifth round of a ten round fight here last night. The referee disqualified Morris for fouling. The California heavyweight had the better of the match in every round except the second.

Morris was 54 pounds heavier than his opponent and was very clumsy and awkward, often trying to wear Smith down by sheer force of superior weight. Smith did the cleaner work by far.

In the first round, Smith did a lot of holding but managed to get in several good blows. The second round went to Morris. He rushed Smith to the ropes and at close quarters got in left and right to the head. Morris did some roughing in the third and was cautioned by holding. Smith landed a right swing to the head and put his right four times to the body.

There were cries of foul in the fourth round when Morris hit Gumboat low but the referee disregarded them. Morris sent left and right to the head while Smith landed on the Oklahoma's body. Smith staggered his man with a right to the head and Morris resorted to holding tactics. Gumboat sent three hard rights to the head and Morris went into a clinch. Morris sent a right to Smith's jaw at the bell.

Morris is Disqualified.

In the fifth round, Gumboat rushed and put a hard right to the body. Then Morris landed both hands to the California's body. Smith coming back with a right to the head, Morris sent a right to the head and then was cautioned for holding. Morris played for the body. Smith got inside and sent a short right hook to the head at close quarters. In a mixup which followed Morris, but Smith very low on the body. Smith staggered to the ropes and tried to pull himself toward his corner and the referee disqualified Morris.

Morris was the favorite and the crowd cheered him loudly as he left the ring. Smith was hissed as his second assisted him to his dressing room.

## NATIONALS DEFEAT AMERICANS

St. Louis, Mo., Oct. 10.—The St. Louis Nationals defeated the St. Louis Americans in the opening game yesterday of the series to decide the championship of the city by a score of 1 to 0.

The teams which finished eighth in their respective leagues, put up a wonderful exhibition in the field behind great pitching. Sallee and Weisman were the pitchers that worked in the duel of left handers, the former gaining the verdict, when his rival made a wild throw to second base to catch a runner. The Nationals secured but one hit off the Browns' elongated hurler, but the blow did not figure in the scoring.

The run was the result of a base on balls to Whitted. O'Leary then hit to Weisman who threw to centerfield trying to get Whitted at second, and the latter took third while O'Leary was safe on first. Wingo rolled to Wares who tossed him out at first, while Whitted crossed the plate with the lone run of the game.

Sallee held the Americans to one hit until the eighth, when Blisland got his second single of the game. In the ninth, two were out. Wares singled and took third on Pratt's base drive, but Walker ended the game with a foul pop to Mowrey.

## CUBS DOWN SOUTH SIDERS.

Chicago, Oct. 10.—In a thrilling thirteen-inning battle, the Chicago Nationals made the standing in the Chicago championship series one and one yesterday afternoon, downing the American leaguers 6 to 5, before 29,363 persons. The victory of the Cubs was due mainly to the courage and coolness of "Big Jim" Vaughn, who refused to give way before the vigorous attack of the South Siders.

The game was a ragged one and poor plays were as important factors in it as good ones. Though Cicotte was hammered hard he might have lasted if some poor playing back of him had not been blundering in the fourth round—a disastrous inning for the White Sox. In that inning, Chapell, whose timely hit in the eighth pushed Chase over with the tying run let loose a wild throw that struck the grandstand. Schalk muffed a throw from Lord that let in a run and Bodie, later delivering an opportune single, misjudged Archer's short fly, so badly that two runs counted on the hit and the Cub catcher drew up at second. Singles by Evers and Schulte and a safe bunt by Zimmerman had opened the inning, which ended only after the West Siders had scored four runs.

Benz succeeded Cicotte in the fifth after Leach's safe drive, a pass to

## YOKEL AND JORDAN TO MEET IN ZION ON OCTOBER 27

Salt Lake, Oct. 10.—After many long weeks of trying, Mike Yokel and Chris Jordan finally came to terms yesterday. The return bout for the middleweight wrestling championship of the world will be staged in the Auditorium on Richards street on Monday, October 27.

Fred C. Crabbe, well known local amateur lightweight wrestler, will handle the match. The terms call for a guarantee on the part of Crabbe of \$3000, with an option of 70 per cent of the gross receipts. The \$3000 is to be divided, \$2000 to Jordan and \$1000 to Yokel, Jordan, as the titleholder, getting the long end of the deal. In case the option is taken, the wrestlers will share on a similar basis.

## MINNESOTANS PROUD OF LESLIE BUSH

Brainerd, Minn., Oct. 10.—One hundred and six enthusiastic citizens of Brainerd gathered at the telegraph office yesterday afternoon and signed their names to the following telegram to their distinguished fellow townsman, Leslie Bush:

"The undersigned extend our hearty congratulations for your victory today and also the work of your side partner, Bender, both of Brainerd. The old town is and will be wide open in celebration—you know how. An invitation is extended to you and Bender to come to Brainerd as soon as released, when the celebration will be completed."

## HOODLUMS TRY TO MOB MACKMEN

New York, Oct. 9.—Both Giants and Athletics had early dinners after today's third world's series game at the Polo grounds and took evening trains to Philadelphia, where the championship struggle will be renewed tomorrow.

The Athletics had an exciting and unpleasant experience on their way down town in automobiles from the grounds. A crowd of young hoodlums spied the first taxicab carrying Captain Danny Murphy, "Chief" Bender and First Baseman McInnes as it was moving slowly down Seventh avenue in Harlem and began hurling pebbles, sticks and other handy objects at the players, who narrowly escaped injuries by the fusillade. Policemen hurried to the scene and dispersed the crowd before anyone was harmed. No one in the cabs following was molested.

Connie Mack was his usual self at the station, answering questioners mechanically. He was noncommittal as to his selection of a pitcher for tomorrow.

"They all look good to me," he said. "That was a great game today," he added. "I have high hopes of winning tomorrow."

Manager McGraw hurried to another train with the Giant players without giving a hint as to which of his twirlers he might assign for duty in the next battle. He had little to say about the result of today's contest.

"We have to expect that in baseball," was his only comment.

## SALT LAKE HIGH MEETS JORDAN TODAY

Salt Lake, Oct. 10.—The Salt Lake high school football candidates, will meet the fast coming Jordan high school gridiron warriors today. The game will start at 3:30 o'clock and will be played on the high school campus.

The previous showing of the west side football men has been of a discouraging order. The game between the first and second teams shows the relative difference between the two teams.

Coaches Henry Richardson and Fred Pennessay have worked with the boys and are well pleased with their spirit. By the time the west side players play Ogden high school all the men should be in fair shape.

Joe Zlatoschka received a slight scratch on the neck during Wednesday's game. Yesterday he was much worse, but will be out for practice next week.

In today's game Coach Richardson will give many of the new men a chance during the game. The coach will start the heavy backfield, Captain Kenneth Yeates, Bill Goodrich, Roy Siddoway and Jack West. Jack Wilson, Mose Stiefel and Ray Donlin will also be given a tryout.

This will be Jordan's first game, and Coach Dutton will have the first opportunity of seeing his new men in action.

The officials have not yet been decided upon.

## PIONEER IS BURIED

Monroe, Oct. 9.—Funeral services for Rasmus Sorenson, aged 77, pioneer resident of this town, who died last Monday, were held yesterday afternoon at the North ward meeting place. The speakers were Walter Jones, Hans Tuft, Christene Sorenson, Jacob Magley and Bishop Heber Swid.

## YOKEL AND JORDAN TO MEET IN ZION ON OCTOBER 27

Salt Lake, Oct. 10.—After many long weeks of trying, Mike Yokel and Chris Jordan finally came to terms yesterday. The return bout for the middleweight wrestling championship of the world will be staged in the Auditorium on Richards street on Monday, October 27.

Fred C. Crabbe, well known local amateur lightweight wrestler, will handle the match. The terms call for a guarantee on the part of Crabbe of \$3000, with an option of 70 per cent of the gross receipts. The \$3000 is to be divided, \$2000 to Jordan and \$1000 to Yokel, Jordan, as the titleholder, getting the long end of the deal. In case the option is taken, the wrestlers will share on a similar basis.

Crabbe says the Auditorium will be filled with seats to accommodate 6000 spectators. The matter of providing some \$1 seats is under consideration.

The men are to weigh 158 pounds at 8 o'clock on the evening of the match. A telegram was sent yesterday to Eddie Smith, the Chicago sport writer, in an effort to engage his services as referee. In the event that Smith does not accept, the wrestlers have agreed on Billy Hughes as the third man on the mat.

The agreement between the two wrestlers was hastened by the receipt of a telegram by Yokel from Duluth, which was to the effect that seats were already being sold for his match with Fred Beal there on October 23. Now that he has his match with Jordan, Yokel will ask for a postponement of the Beal match to some later date.

"I told them," said Yokel last night, speaking of his negotiations for the Jordan match, "that they would have to decide at once, because I couldn't wait any longer on account of the Beal match."

## FOREIGNERS FEEL UNSAFE IN CITY

### Blanquet's Veterans Sent From Mexican Capital to Help Retake Torreón.

Mexico City, Oct. 10.—Foreigners, who until now have felt safe in the capital were filled with misgivings yesterday by reason of the dispatch of all available troops to the North with the intention according to the war department, of immediately retaking Torreón. The sending out of the remainder of the 29th battalion of General Blanquet's veterans, who were placed on guard at the palace just prior to the arrest of President Madero and in whose loyalty to the administration great confidence is felt was the cause of much comment.

Only a few troops remain in the capital. The mounted police who always have inspired a feeling of security have been replaced by new men. The old organization has been incorporated into the army and sent to the front.

The reports circulated Wednesday night of a massacre of Spaniards at Torreón have not been substantiated. The Spanish minister Señor Colagoyan Colagoyan was assured by the foreign minister that there was no truth whatever in the report.

Private dispatches from Saltillo indicated that several Spaniards had been killed but that there was nothing approaching a general slaughter. The Spanish minister has received news from Monterey of the arrival there of several hundred Spaniards from Torreón which he believes, constituted a large part of the Torreón Spanish colony.

## UNCLE SAM DEALS IN ELECTRIC SUPPLIES

Washington, Oct. 10.—Uncle Sam became dealer in electrical supplies and energy transmission material today when the interior department issued an order authorizing the sale of such material to settlers on public lands who were desirous of obtaining electricity from government water power plants. The order is expected to be of great assistance in the development on the reclamation projects in the west.

The order marks no innovation, however, for the government in December, 1911, and July, 1912, authorized the sale of cement, lumber and

building materials to settlers. The concession was found to be of great benefit to the settlers and incidentally, to the western country.

The aid of the government in distributing generated power also is expected to work benefits. The electrical energy probably will be used chiefly in pumping for agricultural and domestic purposes.

## MAY LOSE EYE FROM EXPLOSION

Portland, Conn., Oct. 10.—Perry T. Hale, a former Yale all-American fullback, may lose his eye sight as the result of an explosion last night. He was experimenting with a "burglar alarm" he had devised, when crossed wires caused an explosion, blowing his face with small pieces of copper wire. His brother, Kelly Hale and Harry Dagnall, were also cut and bruised by the explosion. Hale was graduated from Yale in 1900.

## UTAH DEMOCRACY ON BRINK OF WAR

Salt Lake, Oct. 10.—With leading Democrats questioning the regularity of the meeting of the Democratic state committee Saturday and Sunday, and dissension arising over the slate selected by the committee for presentation, there is a movement in Democratic circles for a meeting of those not represented in the state committee meeting. Rumors have been afloat for the past two days of small meetings having for their object the calling of a meeting to protest against the proceedings of the recent gathering of the state committee.

Leading Democrats are said to have withdrawn from the committee meeting when they found the course being taken in the formation of the slate of recommendations for federal appointments. Others have questioned the regularity of the meeting, which
